PROFILE

I am an adept, proactive, industrious medical student committed to excellence in all that I do. I am a team player who is committed to learning, excellence, ethics and people, also an excellent communicator with great interest in technology innovations, branding and communications for Business and passion for community service and positive change.

GOALS

To develop my skills in an institution that offers both challenge as well as opportunity for personal initiative and career advancement, leading up to a position of responsibility as a result of giving service. With immense enthusiasm I have a personal initiative for career advancement and skill development.

COLLABORATIONS

- Through the Event planning company, I have managed to establish rapport and collaborate with other event planners in the industry such as, Mileyn event services, Wayfarer Events, Prestige events and Delicious cuisine caterers among others.

EXPERIENCE

MARKETING

MEDICALL SPACE.

2024- present

I worked as a Sales and Marketing representative for Medical space, an online medical platform in the field of health digital marketing. My roles were to plan events that would promote the product as well as lead the respective sales teams through the events.
